

BENEDIKTE BJERRE

Born 1987, Copenhagen, Denmark

Lives and works in Copenhagen, Denmark

Benedikte Bjerre works conceptually with sociological phenomena in a versatile practice focusing on sculpture and installation which reflect on the current state of society. In her work she consistently examines sculptural qualities in relation to the architecture of a given space. The artist continually uses observations from her everyday life, as she engages in how the beholders experience their surroundings.
